

Allison Sebastian

WEB DEVELOPER, VISUAL ARTIST

I enjoy creating things, and seeing them in action. I care about creating an interesting and valuable product. I am approachable, and enjoy working collaboratively. I'm looking for a role on a team developing new solutions for the web. Excellent visual design excites me, and I always look forward to learning best practices for how to solve interesting problems.

EDUCATION

Bachelor of Fine Arts, Illustration
Northern Illinois University

PROFESSIONAL EXPERIENCE

Web Developer Immersive ☯ General Assembly

Full-stack web development program focused on common best practices in object-oriented programming.
2015 Sept - 2015 Dec

Back of House Specialist ☯ The Apple Store

As part of the Operations team my main focus was sending and receiving shipments, tracking inventory, and bringing products to the Sales floor.
2009 July - 2015 Aug

Design Intern ☯ The Bradford Group

Created realistic product illustrations for advertising. Composed decal imagery and prepared for printing.
2010 May - 2010 Dec

Intern and Freelance Designer ☯ The Marketing Store

Developed concepts for Happy Meal and other promotional toys lines. Presented research of retail products and toys by competitor QSRs at team meetings. Assembled reference packets for senior designers. Prepared art for presentation to McDonald's and Licensors. Built presentation layouts in powerpoint
2008 June - 2009 April

VOLUNTEER EXPERIENCE

Event Support ☯ FIGMENT Project

Helped with unloading and moving sound equipment and art installations. Helped assemble/raise a large art structure after everything was unloaded. During the event I made myself available to the Artists by bringing them water, or watching their art so they could take a break.
2014 & 2015 July 25th - 26th

Planning Committee ☯ Boston Decompression

Participated in planning the Boston Decompression event held November 2015. Voted on location, Art Grant submissions, Band/DJ submissions, and helped with decorating and setting up for the event.
2015 July - 2015 Nov
